

# PROGRAMS OFFERED BY NTU

Being the major training and research center of the South Central and the Central Highlands of Vietnam, NTU offers various associate degree, Bachelor, Master's and doctoral programs for thousands of students. At the undergraduate levels, two Full-time and Part-time training models are offered with a total of more than 30 disciplines, including Fisheries, Engineering and Technology, Economics and Management as well as Humanities. NTU has over ten Master's degrees in disciplines including Fisheries, Food Technology, Engineering and Economics. One of the graduate programs is an international Master's of Science in Marine Ecosystem-based Management and Climate Change (taught in English). At the doctoral training level, we have programs in Mechanical Power Engineering, Fishing Technology, Aquaculture, Aquatic Product Processing, and, Postharvest Technology.

Beside degree programs for international students, NTU has succeeded in organizing short courses for many students from foreign countries including the United States, South Korea, the Czech Republic, Thailand, etc. Our special programs provide unique educational experiences to participants in an exclusive context bestowed by the natural beauty of Nha Trang Bay, its vibrant culture, and friendly inhabitants. Our courses focus on Tropical Marine Aquaculture, Tropical Marine Biodiversity and People and Livelihoods in South Central Vietnam. The content of the courses is designed based on the request of the learners. Please check <http://www.ntu.edu.vn/internationalsummer/index.html> for more details.

## 1 Doctoral degrees

Programs	Codes
Aquaculture	62620301
Fishing Technology	62620304
Aquatic Product Processing	62540105
Mechanical Power Engineering	62520116
Postharvest Technology	62540104
Naval Architecture	

NTU has succeeded in providing bachelor, master's degree programs as well as short training courses for students from many countries. In addition, the university regularly organizes short courses for special skills and knowledge in order to meet the needs of the labor market for Khanh Hoa province and other provinces of Vietnam.

## 2 Master's degrees

Programs	Codes
Aquaculture	60620301
Fishing Technology	60620304
Postharvest Technology	60540104
Aquatic Product Processing	60540105
Biotechnology	60420201
Food Technology	60540101
Mechanical Engineering	60520103
Mechanical Power Engineering	60520116
Agricultural Economics	60620115
Business Administration	60340102
Marine ecosystem management and climate change (international program in English)	
Development Economics	60310105
Information Technology	
Naval Architecture	
Automotive Engineering	

## 3 Bachelor degrees

Programs	Faculty/Institute	Duration (years)	# of credits
Naval Architecture	Faculty of Transportation Engineering	4	130
Maritime Science	Faculty of Transportation Engineering	4	130
Automotive Engineering	Faculty of Transportation Engineering	4	130
Manufacturing Engineering	Faculty of Mechanical Engineering	4	130
Mechanical Engineering	Faculty of Mechanical Engineering	4	130
Mechatronics Engineering	Faculty of Mechanical Engineering	4	130
Heating & Refrigeration Technology	Faculty of Mechanical Engineering	4	130
Civil Engineering	Faculty of Civil Engineering	4	130
Electrical & Electronic Engineering	Faculty of Electrical & Electronic Engineering	4	130
Information Technology	Faculty of Information Technology	4	130
Information System Management	Faculty of Information Technology	4	130
Aquaculture	Institute of Aquaculture	4	130
Fish Pathology	Institute of Aquaculture	4	130
Food Technology	Faculty of Food Technology	4	130
Chemical Technology	Faculty of Food Technology	4	130
Postharvest Technology	Faculty of Food Technology	4	130
Aquatic Product Processing	Faculty of Food Technology	4	130
English Language	Faculty of Foreign Languages	4	120
Fisheries Management	Institute of Marine Science & Fishing Tech	4	120
Fishing Technology	Institute of Marine Science & Fishing Tech	4	129
Environment Technology	Institute of Biotechnology & Environment	4	130
Biotechnology	Institute of Biotechnology & Environment	4	130
Food Technology	Faculty of Food Technology	4	130
Marketing	Faculty of Economics	4	130
Agricultural Economics	Faculty of Economics	4	120
Business Administration	Faculty of Economics	4	120
Tourism Management	Faculty of Economics	4	120
Trade Business	Faculty of Economics	4	120
Accounting	Faculty of Accounting & Finance	4	128
Finance - Banking	Faculty of Accounting & Finance	4	120
